Sir:

TRANSMITTAL OF CERTIFICATE OF CORRECTION - OFFICE MISTAKE

Enclosed is a proposed Certificate of Correction to correct mistakes of a clerical or typographical nature or of a minor character which were the fault of the United States Patent and Trademark Office.

Pursuant to 35 U.S.C. §254 and 37 C.F.R. 1.322, Applicant requests that the enclosed Certificate of Correction be approved.

The following is a showing that the mistake occurred in good faith, that the change would not constitute new matter and would not require reexamination: The patent issued with blurred drawings. Exhibit A is one sheet of those drawings.

Exhibit B comprises formal drawings submitted with the application except for FIG. 7 that was amended on October 22, 2004, which amendment was apparently entered on March 3, 2005. As the submitted formal drawings were clear and not blurred, Applicants submit that the blurred printing results from an Office mistake.

On June 7, 2005 Applicants were led to believe that a new patent would be printed to correct this error. In a recent conversation, personnel at the United States Patent and Trademark Office suggested that Applicants seek the attached Certificate of Correction.

If there are any questions, we urge the Examiner to call us collect.

Respectfully Submitted,

GEORGE A. HERBSTER
